III. POLICY

A. DRIVING UNDER THE INFLUENCE (DUI)

The Contractor is responsible for covering and reimbursing for services when the services are AHCCCS covered, medically necessary services described in Statute, Rule, Contract or Policy. A court order is not necessarily a substitute for the Contractor's obligation to determine the amount, duration and scope of medically necessary services. The Contractor should not assume that a court or administrative agency ordering DUI screening, education or treatment services is aware of the scope of AHCCCS covered services or of how medical necessity is defined for purposes of the AHCCCS program. Nevertheless, the Contractor may take into consideration, the medical information and factual findings of the court or administrative agency in making the Contractor's determination of medical necessity.

When a DUI screening, education or treatment is ordered by the court for a person who has been charged for driving under the influence pursuant to A.R.S. §36-2027, the cost of the screening, education and/or treatment is the responsibility of the county, city, or town whose court ordered the screening, education and/or treatment. See A.R.S. §36-2027 (E). The county, city or town is a source of third party liability for any court ordered evaluation and/or treatment services that are also AHCCCS covered services. Upon receipt of the claim, the Contractor should return it to the provider with directions to bill the responsible county, city or town.

B. DOMESTIC VIOLENCE OFFENDER TREATMENT

When a person is convicted of a misdemeanor domestic violence offense, pursuant to A.R.S. §13-3601, the sentencing judge must order the person to complete a domestic violence offender treatment program that is provided by a facility approved by the Department of Health Services or a probation department. Pursuant to A.R.S. §13-3601.01. A person who is ordered to complete a domestic violence offender treatment program must pay the cost of the program.

Although a judge may determine that court ordered domestic violence offender treatment (including educational classes to meet the requirements of the court order) is the financial responsibility of the offender under A.R.S. §13-3601.01. An AHCCCS member cannot be considered a legally responsible third party with respect to themselves. As a result, it is AHCCCS' expectation that the Contractor responsible for the provision of behavioral health services will provide domestic violence offender treatment when the service is deemed medically necessary. The member is not a source of first or third party liability as defined in A.A.C. R9-22-1001 when required prior authorization is obtained and/or the service is provided by an in-network provider, The Contractor must provide medically necessary services and ensure that the member's medical record includes documentation to justify the medical necessity for the services rendered.

C. COURT ORDERED TREATMENT FOR PERSONS ACCUSED OF OTHER CRIMES

Pursuant to A.R.S §36-2027, a court may order evaluation and treatment at an approved treatment facility of a person who is brought before the court and charged with a crime if:

1. It appears the person is an alcoholic, and
2. Such person chooses the evaluation and treatment procedures. The court cannot order the person to undergo treatment and evaluation for more than 30 days.

The cost of evaluation and treatment of an indigent patient treated pursuant to a court order under A.R.S. §36-2027 is the responsibility of the county, city, town or charter city whose court issued the order for evaluation.

When evaluation or treatment is ordered pursuant to this statute, the county, city, town or charter city whose court issued the order for evaluation is responsible for the cost of services to the extent ordered by the court. To the extent those services are also AHCCCS covered services and the Contractor receives a claim for the services, the Contractor may direct the provider to bill the appropriate county, city, town or charter city.

Financial responsibility for the provision of medically necessary behavioral health services rendered after the completion of court-ordered evaluation is outlined in ACOM Policy 437.
